Natural Resource Use & Management Clinic

Arizona Adjudications Project

APPLICATION FOR ASSISTANCE INSTRUCTIONS

The Arizona Adjudications Project is an initiative of the University of Arizona's Natural Resource Use & Management Clinic. Claimants in Arizona's general stream adjudications with small water right claims may apply for limited legal representation. As a university clinic, we are limited in the types and number of cases we can accept.

To apply for legal assistance, please fill out and return the attached Application and Authorization forms. Answer all questions in the Application to the best of your ability. If you do not know the answer to a question you may leave it blank. If you do not understand a question, please let us know in your answer. **Do not send the Clinic any additional documents or records related to your water rights claim.** Clinic staff and students will evaluate your request and determine whether the Clinic can assist you.

The Application and Authorization forms do not create an attorney-client relationship. **If you have any pending deadlines you must pursue these on your own; do not wait to hear from us.** The University of Arizona's Adjudications Project has not agreed to represent you at this time.

We appreciate your patience as we review and respond to applications.

Please submit completed forms to:

Law-AZAdjudicationsProject@arizona.edu

or
